LEAD THE WAY

AVANZA

7 REASONS

TO GET IN

The new Avanza with its good looks, seating for seven, spacious interior, solid performance and fuel economy has everything busy families and businesses need to run smoothly.

FITS YOUR LIFE

For families and businesses alike, the Avanza has space in all the right places. The Avanza helps keep everything organised with clever storage and space solutions that make it easy for busy families and businesses to stow their gear. There are driver and passenger seat back pockets and door pockets for odds and ends such as sunglasses, books, magazines, etc. The 3rd rows seats can be tumbled independently, providing a wide variety of seating arrangements.

TAKING CARE OF BUSINESS

The Avanza is also as enjoyable as it is spacious. Power steering makes for an easy drive with electrically-adjustable windows for everyone's comfort. The 1.5 TX model also has front air conditioning vents. The S and SX models have two speakers. The TX model has four speakers and an audio system with integrated steering wheel controls. The TX model also features a Multi-Information Display (MID) cluster that displays all the information you need to command the road in front of you.

SAFETY IN NUMBERS

Running families and businesses requires plenty of time on the road, running between points A and B and sometimes to what seems like point Z. The Avanza was specifically designed to take everyone's safety into account. The Avanza has an Anti-lock Braking System (ABS), an essential active safety feature that prevents the wheels from locking up on slippery surfaces. EBD (Electronic Brake force Distribution) is now available on all models as well as airbags for the driver and front passenger, which come standard. Child rear protection locks are also a standard feature.

For security, the Avanza comes equipped with an immobiliser and remote control central locking. And one less thing for you to worry about, is the key and light reminder system that alerts you when you leave your keys in the ignition or when your lights are left on. So no matter if it's your family or business that keeps you on the road, your Avanza will keep you safe.

While the Avanza is the most economical seven-seater in its class, it does not compromise on a confident, comfortable drive. The Avanza is available in two engine sizes, a 1.3 litre and a 1.5 litre, that pack the power needed to meet the demands of family and business. The Avanza comes in five different models: 1.3

S; 1.3 SX; 1.5 SX; 1.5 SX AT and the top-of-the-range 1.5 TX model. The 1.5 SX model is also available in a 4-speed automatic transmission for an even easier drive in traffic. All in all, the Avanza is great news for families and businesses that are looking for a vehicle with just the right fit for whatever they need.

Second row seats split forward for easy access to the rear, while the 3rd row split seat cushion tumble feature enables expansion of the luggage space. The Avanza's seats easily reconfigure to suit your specific needs, with three rows of seats that have ample legroom for all passengers.
